PROFILE

Front-end UI/UX Developer with 3+ years of experience in building responsive, user-friendly websites. Skilled in custom website development and CMS platforms including WordPress and Shopify. Experienced in developing and managing eCommerce solutions with a strong focus on performance, usability, and modern design practices. Adept at translating client requirements into high-quality digital experiences.

WORK EXPERIENCE

Present

Intersys Ltd — Karachi, Pakistan

WordPress & Laravel Developer (Current)

Developing and maintaining websites using WordPress and Laravel. Creating responsive, mobile-friendly websites and customizing themes, plugins, and layouts based on project needs. Experienced in building eCommerce sites with WooCommerce, developing frontend UI with HTML, CSS, Bootstrap, and Tailwind CSS, and integrating APIs while optimizing performance.

Devcodexa — Karachi, Pakistan

Junior Backend Developer (5 Months)

Assisted in backend development using PHP and Laravel. Worked with MySQL for database management, implemented authentication systems, and supported API integration in collaboration with frontend developers.

PROJECTS

- WordPress Websites – Developed multiple WordPress websites for businesses and eCommerce stores.
- CRUD Application (PHP & MySQL) – Complete CRUD system with database integration
- MoodMusic (Laravel + YouTube API) – Music streaming app fetching songs dynamically.
- SoundBlast (React.js + Tailwind CSS) – Modern music platform with responsive UI.
- CRM System (Laravel + MySQL) – Client and sales management system.
